Improvement in IRDP

409. SHRI CHITTA BASU:
SHRI RAMKRISHNA MAZUMDER:

Will the Minister of AGRICULTURE be pleased to state:

(a) whether it is a fact that numerous studies conducted over the past 12 months by the R.B.I., P.E.O., Comptroller and Auditor General and other agencies, revealed that a good part of the large sum of money spent through the I.R.D.P. passed into the hands of the rural elite; and

(b) if so, what steps have been taken so far to prevent the same?

THE MINISTER OF STATE IN THE DEPARTMENT OF RURAL DEVELOPMENT IN THE MINISTRY OF AGRICULTURE (SHRI RAMANAND YADAV): (a) No such studies have been conducted over the past 12 months by Reserve Bank of India, Programme Evaluation Organisation of Planning Commission and Comptroller and Auditor General. This Department has, however, introduced a new system of monthly concurrent evaluation since October, 1985. The RBI, PEO and NABARD, however, conducted studies during the Sixth Plan which revealed that 16 per cent,, 25.8 per cent and 15 per cent respectively of sample beneficiaries were ineligible for assistance under IRDP.

(b) On the basis of such reports we have asked the State Governments to ensure that identification of beneficiaries involve the people representatives much more closely. The final selection of families has to be done in the Gram Sabha meeting.

Since October, 1985, the Department has also taken up a system of monthly concurrent evaluation. Its report for the 12-monhs period (October 85-September 86) shows that the selection ineligible families has come down to 9 per cent. On the basis of these monthly reports the State Governments have been asked to take necessary steps so that no ineligible families are assisted under IRDP.
